

Stand-alone or Client configuration

1GB RAM
 40 to 80+ GB HD total
 1.4GHz or better
 Pentium III or greater
 Strongly suggest RAID level 1 if used as a server in a smaller community.

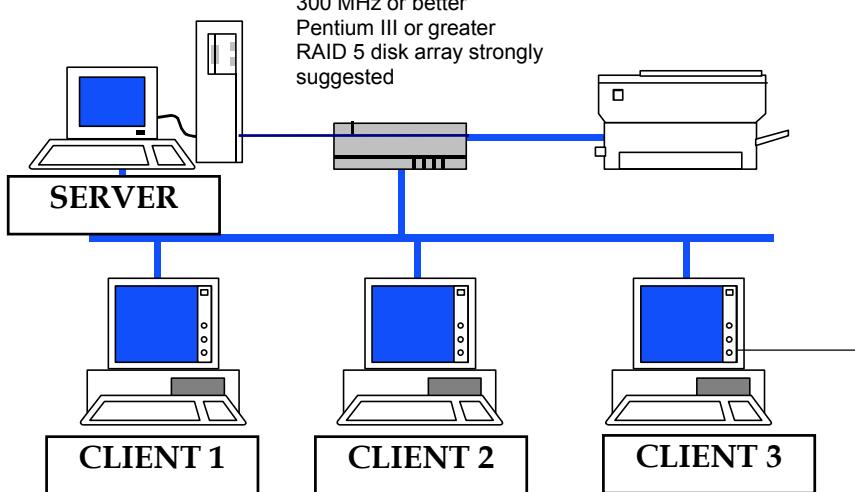

Software Requirements:

Win 2000, Win XP Professional
 Altiris Carbon Copy or Symantec PC Anywhere
 Tax Admin and Personal Property Administration, Microsoft Access 2000.

Other Hardware required:

Modem installed (internal or external) with working phone line, printer.
 Backup data capability - either disk or tape.

Red Hat Linux

1GB RAM
 80 or larger GB HD Total
 300 MHz or better
 Pentium III or greater
 RAID 5 disk array strongly suggested

Software Requirements:

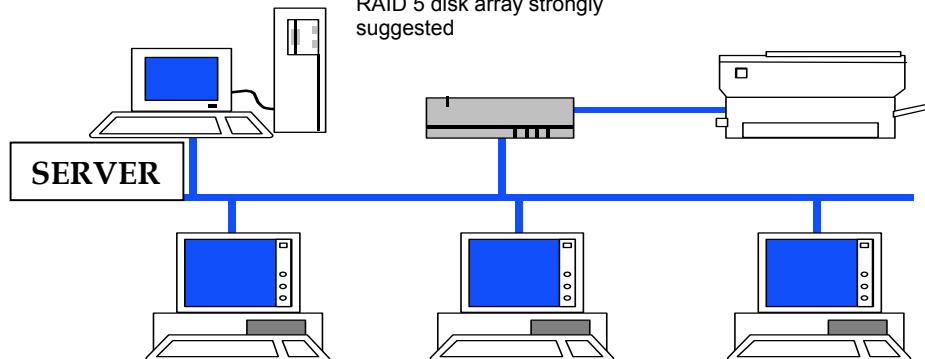

Red Hat Linux Advanced Server Edition for Oracle 9i.
 Red Hat version 2.1
 Altiris Carbon Copy Win32 (One client only) or Norton PC Anywhere (on one client) Also, for Tax Admin and Personal Property Administration, Microsoft Access 2000 installed on at least one client.

Clients: Win 98, Win 2000, or XP
 512 or greater MB RAM

Other Hardware required:

Modem installed on a workstation that is accessible via TCP/IP to the server, including terminal emulation and Carbon Copy for Windows, printer (laser or inkjet). Data backup capability either to disk or tape.

Win 2000, XP, 2003 Server

1GB RAM
 80+GB HD Total
 1.4 GHz or better
 Pentium III or greater
 RAID 5 disk array strongly suggested

Software Requirements:

Windows 2000, XP Professional or 2003 Server
 Clients: Win 98, Win 2000 or XP Professional
 Workstations with 512 or greater MB RAM
 Altiris Carbon Copy Win32 (One client only) or Norton PC Anywhere installed on one client.
 Microsoft Access 2000 on at least one client for Personal Property and Tax Administration.

Other Hardware required:

Modem installed on client (internal or external) with working phone line, printer. Data backup capability either to disk or tape.

LAPTOPS

Software Requirements:

Windows 2000 or Windows XP Professional. For Tax Admin and Personal Property Administration, Microsoft Access 2000

Communications: Altiris Carbon Copy Win32 or PC Anywhere

Pentium III or greater
 512 MB RAM
 R/W CD drive strongly suggested but not necessary
 40 GB or larger HD Total
